Response to Amendment

Claim Status

1. Reissue claims 1-4, 6 and 8 are pending (claims 1-4 were originally patented; claims 6 and 8 newly added; claims 5 and 7 canceled).

Claim Objections

2. Claims 6 and 8 objected to because of the following informalities:

- 1) New claim 6 does not include claim status identifier (new).

- 2) New claim 8 does not include proper claim status identifier (new), and erroneously shows deletions/additions in addition to the underlining of the whole claim.

Appropriate correction is required (amendment to status identifiers and in new claims do not need "showing" of changes; they just needed to show the final changed form).

Oath/Declaration

3. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414.

4. Claims 1-4, 6 and 8 are rejected as being based upon a defective reissue oath/declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the oath/declaration is set forth in the discussion above in this Office action.

Remarks

5. An Examiner's Amendment was attempted on 5/15/06, but did not result in allowance due to Applicant's inability to provide a proper reissue oath/declaration at this time. Due to an

inadvertent error in the Office, a Notice to applicant regarding Noncompliant amendment (see objections above) had not been mailed to Applicant, plus the application's status erroneously remained as "non-final Office action mailed" thus resulted in coming to Examiner's attention later than it should have

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
